To be completed by the student applicant:

Student's name: _____

Camp for which this student is applying: _____

To be completed by the student applicant's science or mathematics teacher:

CINSAM seeks your evaluation of this applicant's ability to gain from this camp experience. We are also interested in your evaluation of this applicant's likely contributions to the whole of the camp experience for all campers and camp staff members. This camp is planned as an enrichment experience that is designed to offer activities and educational experiences that will draw upon each participant's background as well as offer opportunities that will challenge the participants. We hope for social as well as academic growth to ensue from this camp experience. Hence, your insight as shown below will help us to provide a quality offering to a well suited group of students in this camp. Thanks!

I know this student from this context: _____

Please check appropriate boxes in this table that characterize your observations and experiences with this student applicant:
